Digest of Plan

¹ God the Father and God the Mother have many children. ² For a long time, they all lived together in heaven. ³ Father and Mother have vast wisdom, and immortal, perfect bodies. ⁴ Their children were immortal spirits without physical bodies and with little knowledge.

⁵ The Parents wanted their children to have wisdom and immortal, perfect bodies. ⁶ In preparation for their children's future, the Parents began the universe, allowing it to progress and form; ⁷ guiding it when necessary. ⁸ In heaven, during the preparation, the Parents taught their children many good things.

⁹ The children enjoyed progress and learned as much as they could.

¹⁰ When mortal bodies were ready,

Father and Mother began to send their children into mortality through birth. ¹¹ They sent each child to a body, on a planet, at a time, and in a location optimal for that child's growth.

¹² Living in a mortal body clouds each child's memory of their former life in heaven. ¹³ Some children can only feel the Parents' influence very quietly. ¹⁴ Others can feel it more plainly. ¹⁵ All can learn to feel it better.

¹⁶ Father and Mother want all their children to be happy, to master their mortal bodies, and to remember and act on the goal of wisdom and immortality. ¹⁷ To help them remember and act, the Parents have invited some of their children to be messengers. ¹⁸ Many messengers declined the invitation. ¹⁹ Some delivered the message faith-

fully at first but allowed distractions of the world to lead them astray and confuse their message.²⁰ They often did not know that they were distracted. People called some of these messengers prophets.

²¹ Faithful messengers were found regardless of time, place, culture, status or religion into which they had been born. ²² The Parents knew that different messengers would help different children to progress, so they invited messengers of all kinds. ²³ The essence of these messages has been stable, while the details vary to accommodate mortal bias.

²⁴ The Parents remain involved in and mindful of their children's lives. ²⁵ Their involvement consists mainly in delivering information to their children when they need it and request it. ²⁶ Physical inter-

vention is rare. ²⁷ Compulsion is absent.

²⁸ Upon death, the Parents welcome each child home. ²⁹ The child, now wiser, receives an eternal reward calculated to bring them satisfaction and joy according to who they have become.
